|--------------|-------------------|------------|
| • Java | • Spring MVC | • Git |
| • JavaScript | • Spring security | • Selenium |
| • Python | • Tailwind CSS | • Junit |
| • Hibernate | • React.js | • Maven |
| • Spring ORM | • SQL | |

Work Experience

Infosys Limited

Systems Engineer

Pune, India

Feb 2023 – Present

- Developed and maintained robust backend services using Java Spring framework, with a focus on the service layer.
- Implemented secure endpoint to improved web app security with JWT authentication enhancements and ensuring data integrity and confidentiality.
- Conducted comprehensive unit testing with JUnit, achieving 95% code coverage to ensure both functionality and security of backend services, enhancing codebase reliability and stability.
- Collaborated closely with QA teams to execute thorough unit testing using JUnit, ensuring the functionality and security of backend services.
- Analyzed test results to identify bottlenecks, performance degradation, and areas for software improvement.

Infosys Limited

Systems Engineer Trainee

Mysore, India

Oct 2022 – Feb 2023

- Attained proficiency in Java, Spring, SQL, and testing tools, including Selenium and JUnit.
- Specialized in the Testing domain, acquiring practical skills in various software testing methodologies.

Projects

Blog App API | Java, Spring, MySQL, Postman, React.JS

- Designed, and developed robust RESTful APIs that efficiently handled data flow between the back end and front end.
- Achieved an average API response time of under 100 milliseconds, ensuring a responsive user experience.
- Thoroughly tested all API responses using Postman.
- Implemented secure authentication and authorization mechanisms to safeguard user data and ensure privacy.
- Employed advanced SQL queries and database optimization techniques to enhance the application's performance and scalability.
- Integrated seamless error handling and logging functionalities to facilitate troubleshooting and maintenance processes.

Achievement

- 400+ Online coding question solved on LeetCode, GeeksforGeeks, CodeChef, Coding Ninja
- Scored 79% in Foundation Program at Infosys
- Infosys Certified Spring Boot Java Developer
- Infosys Certified SDET
